FUNDACION EXITO STATEMENT ON #COVID19
[SDGs GOAL 11 – SUSTAINABLE & SAFER CITIES]

“Unus pro omnibus, omnes pro uno” is a Latin phrase that means **“One for all, all for one”** in English (also inverted to **“All for one, and one for all”**). It is also the unofficial motto of Switzerland and was made famous by Alexandre Dumas in his novel, **“The Three Musketeers”**.

It is no longer news that the Coronavirus Disease 2019 (**“Covid-19”**) Pandemic is a trying period for the world, it is ravaging countries and has shown the deficiencies in health systems world-wide, particularly in Nigeria. However, it is not what happens that matters, BUT how we RESPOND as individuals, as countries and as one-World! WE are in this together and WE all have a part to play.

At Fundacion Exito (**“FundELG Africa”**), WE believe in the collective RESPONSIBILITY of the Citizenry to make every nation great, sustainable and safe in line with Goal 11 of the SDGs, especially during this Covid-19 pandemic. In this regard therefore, we urge all Nigerians and citizens the world over, well-meaning corporations, businesses and religious organisations to continue to support all efforts to stem the Covid-19 Pandemic and cushion its effects.

We commend the responses of governments globally and urge further pro-active responses to stem the tide. We call on African Governments, particularly Nigeria, to see this as an opportunity to become more fiscally prudent, politically responsible, and governance focused; to fix our health and educational systems as well as engage global researches and medical discoveries. We encourage utility and essential service establishments and organisations to ensure optimal functionality as best possible to support citizens as they engage the Covid-19 Safety protocols.

We encourage all citizens, especially Nigerians, regardless of class and social status, to seriously, strictly and actively maintain the personal hygiene, self-isolation and social distancing protocols; as well as take responsibility for the protection of our fellow citizens, neighbourhoods, communities, countries and world; with the understanding that we are STRONGER when WE PULL TOGETHER AND WORK TOGETHER (with or in-spite of Government response). Our collective health and safety is the RESPONSIBILITY of every citizen. This is a desperate time ... BUT WE are more than anything we will ever face and can handle whatever life brings us. We always have and always will.

So, We RESPOND in FAITH! We take ownership and responsibility ... We overcome Together!!!
No Doubt about it! We will win this Battle! We shall overcome!!! ... All for one and one for all.
Support the #Overcoming2Geda Campaign | #TakeResponsibility ... Take Self Isolation & Social Distancing seriously.

Thank you.
